BRIEF OUTLINE OF PLOT (Information in brackets NOT FOR PUBLICATION)

The DOCTOR and party arrive on the planet of DEVA LOKA. NYSSA is ordered to rest while the DOCTOR, ADRIC and TEGAN explore the planet. First they discover the Windchimes, a place of meditation used by the KINDA; then the Total Survival Suit (TSS) which activates itself escorting the DOCTOR and ADRIC (TEGAN is left dreaming at the Windchimes) to the fortified Dome of an expeditionary team. SANDERS, the leader, believes the KINDA are responsible for the disappearance of several of his men and, as a reprisal, has taken two KINDA hostages. TODD, the science officer, argues the KINDA's innocence, also believing them to be telepathic and more intellectual than they appear. HINDLE, the security officer, has become unhinged by events and oscillates between manic aggression and cowardly submission.

Meanwhile, TEGAN is dreaming some very strange dreams, in which she meets the evil manifestation of a MARA, whose main preoccupation is to experience life through her mind.

(SANDERS decides to search for his missing crew members leaving HINDLE in command. SANDERS meets PANNA, the wise woman of the KINDA tribe, and her young companion KARUNA. The women present him with a very unusual box.

Back at the Dome, HINDLE has completely flipped. Fearing an imaginary attack from the KINDA, he has imprisoned the DOCTOR and TODD and ordered the Dome's self-destruct charges made ready. SANDERS returns to the Dome a changed man. With him he brings the box which he gives to HINDLE. Fearing a trap, HINDLE orders the Doctor to open it. This he does and the Dome is filled with beautiful images of life on DEVA LOKA. During the confusion, the DOCTOR and TODD escape.

Tiring of TEGAN, the MARA has now entered the mind of ARIS, a mute, KINDA male and learned the prophesy that such a male will gain voice (only certain female members of the tribe speak) and lead the KINDA tribe in a great war. This very much appeals to the evil MARA.

The DOCTOR and TODD find their way to PANNA's cave and also learn of the prophesy and PANNA's concern that it is about to be fulfilled. In a vision PANNA shows what is to come: the total destruction of the

KINDA tribe through a war ARIS/MARA will declare on the Dome. During the vision PANNA expires.

At the Dome, HINDLE now awaits a real attack, while ADRIC tries frantically to escape.

The DOCTOR collects TEGAN from the Windchimes and learns of her dream, KARUNA confirming the danger of dreaming alone at such a place as it allows evil to pass through the dreamer to DEVA LOKA. TEGAN has been the unsuspecting gateway for the MARA.

ARIS/MARA prepares an attack, having convinced the KINDA he is the fulfilment of the prophesy. The TSS comes from the Dome, but instead of a battle, TRICKSTER, the KINDA's jester, performs an amazing dance around the Suit, confusing the operator and causing it to overbalance. The Suit is opened and ADRIC is found; he had used the TSS to escape. During TRICKSTER's dance, ADRIC had accidentally fired a gun built into the Suit and wounded ARIS/MARA, who has limped away into the forest.

The DOCTOR rushes into the Dome and with TODD's help prevents HINDLE setting off his explosives. He then goes after ARIS/MARA trapping him in a ring of mirrors, causing the MARA to leave ARIS and return to his own world.

At TODD's insistence, plans to colonise the planet are dropped. The KINDA are to be left in peace.)
